To Whom It May Concern

My experience of Bob Black Construction Limited spans almost four years, and during that time I have had the genuine pleasure of working closely with them on several projects, ranging from complicated extensions on listed buildings to new houses - the quality of which would be hard to surpass.

My regard for the company, as a whole, is extremely high. In particular, I must draw the attention of any prospective customer towards the highly professional organisational, management and all round construction abilities of Bob Black himself.

Seldom does one find that a relatively young man has such a thorough working knowledge of building practice, let alone a desire to attain near perfection on every project - sometimes at a cost to himself.

In closing, I have no doubt that by employing Bob Black Construction Limited, you shall receive a superlative service from one of the most respected and envied building contractors in the Cambridge area.
