Dear Bob & John Black,

This letter is to express our sincere thanks to your team for all your hard work in the renovation and rebuilding of Eve's Cottage.

We are delighted with the result, and appreciate your expertise in dealing with all the difficulties inherent in sympathetically restoring a GRADE II listed Building.

We found that the understanding between our architect and yourselves led to many creative solutions as work progressed. Also we have always been impressed, not only by your cheerful ability to deal with problems, but also by your determination to produce work of such a fine standard.

Best wishes, and very many thanks to all who worked on the building.

Yours sincerely,

Hon. Mrs Clare Bantky Floor.
